

Developer Quotation for FinAutoJobs Website (Phase-1 Launch)

Client: FinAutoJobs

Prepared by: Anonymous

Date: 26-07-2025

Quotation Validity: 30 days from the date of issue

Project Duration: 3-4 Weeks

Scope: Desktop-first responsive job portal with job posting, job listing, HR login, basic backend, resume redirection via WhatsApp/email.

Note: Mobile design optimization and branding activities are out of scope.

Development Scope Breakdown

Week 1: Structure & Layout

- Website architecture & UI layout (desktop responsive)
- Job listing page, Job posting form
- HR login/register interface

Estimated Cost: INR 8,000 - 10,000

Week 2: Frontend Build

- Implement all pages using HTML, CSS, JavaScript (or React)
- Enable job search/filter
- Connect job form to backend (dummy data or real)

Estimated Cost: INR 12,000 - 14,000

Week 3: Backend & Resume Flow

- Setup backend (Node.js/Firebase)
- Store & retrieve job posts
- Resume redirection to HR's WhatsApp or Email
- Admin access to view/manage jobs

Estimated Cost: INR 10,000 - 12,000

Week 4: Testing & Deployment

- Test full site flow
- Bug fixes
- Deploy on Netlify/Vercel
- Brief handover walkthrough

Estimated Cost: INR 5,000 - 6,000

Developer Quotation Summary

| | |
|-----------------------------|---------------------|
| Website Layout & Page Setup | INR 8,000 - 10,000 |
| Frontend Development | INR 12,000 - 14,000 |
| Backend Integration | INR 10,000 - 12,000 |
| Deployment & QA | INR 5,000 - 6,000 |
| Total Developer Cost | INR 35,000 - 40,000 |

**Note: Final cost may vary slightly based on exact feature complexity, hosting tools, or database structure.*

Tech Stack (Planned)

- * Frontend: HTML, CSS, JavaScript (React optional)
- * Backend: Node.js or Firebase Functions
- * Database: Firebase Realtime DB or MongoDB
- * Resume Delivery: WhatsApp (link-based) or Email
- * Hosting: Netlify / Vercel

Notes

- * This is a desktop-first responsive web version; mobile-first design is excluded.
- * Admin dashboard and job analytics are not included in this scope.
- * Hosting & domain cost to be handled by the client.
- * Project to begin with 50% advance payment.
